Richard Sanborn in Portland Hospital—
Ivan Skinner Breaks Leg—Good Skat-
ing—Accidents and Injuries on the Ice
Roads.

Miss Melba Drake entertained her
friend, Miss Ruth Patterson, teacher of
East Waterford school, over Sunday, at
her boarding place with Mrs. W. C. Good-
win.

Miss Louisa Moulton of Bridgton has
been the guest of her niece, Mrs. Albert
W. Hamlin, for several days the past
week.

Mrs. Carrie Kingman is spending the
winter with her daughter, Mrs. Wynan
Kimball, in Sweden. She went there
last week after Thanksgiving.

Richard Sanborn is in the Maine Gen-
eral Hospital in Portland for observation.
His condition has improved slightly, since
being there, but as yet no definite cause
has been discovered which has caused his
weakened condition. Wade Haggood took
Richard and his mother and Dr. Hubbard
to Portland in his car on Monday. All
are wishing Richard a speedy recovery.

On Wednesday, Jan. 10, while work-
ing in the woods on the Bean place near
the North Waterford road, Ivan Skinner
got his leg wedged between two trees and
the sled, breaking the leg between the
hip and the knee. John Lahti and Hel-
bert McAllister were there. They got
him out at once and the bone was set
before the swelling was bad and now he
is resting as comfortably as possible un-
der the condition in bed with heavy
weights on the foot, at the home of his
father and mother, Mr. and Mrs. Fred
Skinner. All extend their sympathy and
wish him a good recovery. How fortu-
nate the injury was so great!

Hill & Marr's truck was in Denmark,
carrying three colts for George Hill, on
Saturday. Nathan McAllister was at the
wheel.

Mr. and Mrs. Frank Shaw spent the
day, Monday, with Mr. and Mrs. W. J.
Greene. Mr. and Mrs. Greene recently
entertained his niece and husband, Mr.
and Mrs. Erlon Noyes of South Paris, at
dinner.

Mr. and Mrs. W. W. Abbott were in
Norway, recently, and saw the picture
"Ben Hur" by Lew Wallace. They en-
joyed it so much.

Edna Kimball has been having a hard
time with abscesses in her ear and then
recently she fell over the ice and hurt her
right arm so she had to go out of school
for a time. All is better now.

Mrs. Benjamin Collins of Skowhegan
spent the week end with her husband at
Mr. and Mrs. W. K. Hamlin's. Mrs. Col-
lins motored from home to South Paris
with one of her boarders who was going
to Bethel. She came here with Harry
Haynes. Mr. C. W. W. Abbott and Mr.
and Mrs. Erlon Noyes of South Paris, all
took her to South Paris, Sunday night.

Everyone, old and young, are enjoying
good skating on both lakes. It is fine
to see some of the parents out for a
skate with their children.

Little Earl Marr, Jr., has had a bad
abscess in his ear, but it is on the gain.
Arki Neimi left for the Hebron Sanit-
orium, Friday. Just hope she gains
rapidly.

Mr. and Mrs. Irving Bell moved into
the Sweett house, Tuesday, for the rest
of the winter. All extend them a cordial
welcome into our midst.

Joint meeting of the Farm Bureau was
held in the Grange Hall, Friday. The
forenoon was given over to Miss Bruden-
who presented "Health" pictures. The
schools attended in a body. A fine dinner
was served by the ladies at noon. The
County Agent, Mr. Ridley, was present
and had pictures on Stock Demonstra-
tions; picture of Ditch Dredging and Lime
in afternoon. The program plan was
made for the coming year.

Sam Lebrake and Mr. and Mrs. Will
Fiske of Bismarck were in the village
calling at W. J. Greene's.

Charles Chapin and Freeman were in
Harrison, Saturday. Freeman reports the
skating good there, too.

The religious school met on Saturday
with a fine attendance. Next meeting is
to be held in the school rooms, as Dear
Mt. Grange has a big meeting on next
Saturday with installation. The hour of
meeting is 9 a. m.

Mrs. Arthur Kingman and Miss Melba
Drake were visitors of the school on Sat-
urday. Parents and friends are always
welcome.

Henry Wentworth of North Bridgton
fell on the ice this past week, breaking
his hip. Mr. Wentworth has spent many
weeks in town and has many friends here.
Mrs. L. R. Muller and Mrs. Pearl Brad-
bury both gain very slowly.

Liston Brown is ill and out of school
with some kind of stomach trouble.

Kasper Pulkkinen's school team, with
its previous load of children from Temple
Hill had a narrow escape on Mill Hill
Monday morning, when the neck rope
broke. The brittle chain saved the day
and no serious damage was done. This
boy traveling is dangerous in any way
one chooses to travel.

Waterford Creamery Co. cut their sea-
son's supply of ice on Keola Lake the
first of the week. It is fine clear ice.
They cut about 175 tons yearly. A large
crew of men and several horses were re-
quired to do the work.

Mr. and Mrs. W. C. Goodwin and Mrs.
Riggs attended the Eastern Star meet-
ing at Waterford on Friday. A fine time
was reported. Election of officers took
place at this meeting.

teachers, Miss Melba and Miss Ben-
edict Drake, on Thursday, to supper.

again after her recent gripe cold.

to get about the house some.

Sunday night. Had not been as well as
usual for several days.

cold. Mr. Bell got a bad burn on his

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

Everything
that is BUICK for only
\$1195 F. O. B. Factory

You may have thought that you couldn't buy a Buick for as little as
\$1195—that you would have to pay considerably more for Buick
quality.

The truth is that you can have any one of three popular Buick
models at this figure—a Sedan, Coupe or Sport Roadster—all of
them, cars of true Buick quality.

All have smart, low-slung bodies by Fisher in beautiful color har-
monies. All have the famous Buick valve-in-head six-cylinder engine—
vibrationless beyond belief. All have Buick's Lovejoy hydraulic
shock absorbers—providing the ultimate in riding luxury.

Needless to say, all offer greater satisfaction than is obtainable else-
where at such moderate prices.

You have always wanted a Buick—today's Buicks surpasses all previous
creations. See it—drive it—and own the car you have long wanted.

SEDANS \$1195 to \$1995 COUPES \$1195 to \$1850
SPORT MODELS \$1195 to \$1525
All prices f. o. b. Flint, Mich., government tax to be added. The G. M. A. C. finance plan, the most desirable, is available.

We are soon to make a move on John Woodman's wood-pile. Volunteer assistance needed. Malcolm Gregg says he'll help. Are there others?

Chas. G. Jenness of Rochester, N. H., after writing his Christmas Sermon sent a check of \$50.00 to the New Hampshire Orphanage, at Franklin, requesting that the children have what they wanted to the extent of the money.
We wonder when they got it and if they had a fight over it. It was kind in Mr. Jenness anyhow. He is a newspaper man and we are wondering where he got the money.

Chas. A. Pillsbury Editor Republican-Journal of Belfast some ten years ago showed a letter with this expression: "I'm not afraid to die but I'd like to stay round with the grandchildren a while longer."

We failed to realize the meaning conveyed in that letter at the time but have since learned. Charles passed over the divide a few months later and Bro. Ekins of Dover attended the funeral. We were unable to get there.

We are getting to whittling in the house. Never expected to come to it. The Weary Club is too far away and the housekeeper doesn't object. No telling what liberties you will take when you become old, tired, lazy and sick.

When knitting becomes a lost art what will the grandchildren do? Maybe they will be content to play cards and let the little ones go with cold feet and hands.

December 1924 was very much colder than the month just passed. According to John Wight's returns the average temperature was 6.20 in 1924 and in 1927 19.15 with a fraction added to both.

Geo. W. Richardson of So. Paris admits he couldn't keep house and do his work without an adding machine. George is the Secretary and Treasurer of the Oxford County P. of H. Mutual Insurance Co. and have some five thousand accounts. He does all the addresses in longhand writing and it is some work. An adding machine would be just as handy as an adding machine. He feels the cost would be too great and he is probably right.

John Woodman claims to have a treasure in his wood pile. We won't tell what he says it is for fear he might get robbed.

Harry Stinson, Norway's chief of Police, went to Atlanta, Ga., last week. He didn't have to stay. He is back on his job and none the worse for the trip.

Good luck comes with a cat. Especially if it's a well behaved one like the mallee cat that came to us last Saturday. Its folks can have it by proving ownership. No charge for the notice.

You can't learn some folks nothing. Tied to traditions of the past and forgetting the present.

The Sun-Journal, down river, is a great paper. Why continue misleading heading on one? Drop the word "Journal" and call it "The Evening Sun." Forget there ever was an Evening Journal. Its days are past. The illustrious Dingleys have gone and Arthur Staples can't live forever.

Drop "Journal" and call it "Sun."

P. H. Shorey, the publicity writer, is brought to the carpet occasionally and word is broadcast that he is to get through. Recently, February 1st was the day set. He has been on the job since 1925. Got to cut expenses is the cry. The fact is, some folks don't don't know news, feel that Phil is boosting the governor too much and he has got to be squelched so as to keep his department "out of politics." It has never been in "politics" one second since Mr. Shorey has been in charge.

It is true he refers to the governor often. He has to or "the news" he writes would be thrown into the waste basket. It isn't that he is boosting Brewster as an individual, but he is writing "stuff" to be printed and he has got to hit to somebody as impersonal news is not accepted.

You won't find Mr. Shorey booming the governor for the senate, but he must tell the truth about the governor's activities in matters of interest in the State. Just the same as he would Hiram Ricker or Willis Parsons or any other citizen.

Don't get foolish and bounce him, but rather increase his salary and say just keep the news wire hot about the good things of this state and its people including the governor and chairman Fields and the Cooper title water enterprise. It isn't politics, he is advertising Maine.

P. S. We understand Mr. Shorey is to remain six months longer. Let him stay until a better man is found, but be sure it is a better man before a change is made.

An all black kitten has come to the house. A playful mouse. It tripped over the woodpile and rat holes, picking out the most favorable, and began watching. Owner can have it by calling, provided the cat remains here.

Shirley Cook has 700 hooks. Some small, some big, some long. He has three horse-loads of feathers, red, green, blue and yellow. Rainbow tins and sundries. He ties ten to suit his fancy. Guessing each the best that's made.

P. S. We have used Cook-tied flies with amazing success for the past two seasons.

Nate Merrill after returning from the hospital: "I've been castor oiled 'stopped' for two days, took twelve ounces of castor oil in coffee. Was weak in running gear when trundled into the operating room. The white robed folks there were strangers and I asked for Dr. Withler. A big fellow came forward and said, 'I'm Dr. Webster.'"

"I told him I'd hold him responsible for what they did to me. I had a fight with ether and everybody around me. I knocked over several and then all was blank. Didn't know anything."

When I came to I was in bed in a strange place and feeling a little sore in spots. I don't know what I said or did only from hearsay. I wasn't sick. For four days I lived on hope and water."

All the lamps are burning in the clock tower. The dead one on the north side was renewed promptly.

John Woodman has rode in a New Ford and likes it. Couldn't be better. It would cross the rats without undue jolting.

EAST OTISFIELD
C. O. Martin and M. C. Kemp went to Bolster's Mills, Saturday, Jan. 7, to attend the installation of officers at Crooked River Grange. Mr. Martin was the installing officer.

Mrs. Marjorie Greenleaf and Mrs. Lilian Peaco attended the installation of Crooked River Grange, Saturday, Jan. 7. Miss Alice Lamb was home over the week end from college.

One of our oldest nights he flew from the shed out through a door that was opened for a short time and was lost in the darkness. Calling failed to bring him back that night. JESUS AND SINNERS

LESSON TEXT—Mark 2:17-20.

GOLDEN TEXT—I came not to call the righteous, but sinners to repentance.

PRIMARY TOPIC—Jesus Forgives a Sinner.

SENIOR TOPIC—Jesus Heals and Forgives.

INTERMEDIATE AND SENIOR TOPIC—Jesus Shows His Sympathy and Power.

YOUNG PEOPLE AND ADULT TOPIC—Jesus' Power to Make Whole.

1. Jesus Preaching the Word (vv. 1, 2).

1. The surging crowd (v. 2).

2. So great was the crowd gathered about the house where Jesus was stopping, that there was no room to receive them. As soon as it was noted about that Jesus was in the house, the multitudes gathered.

2. What Jesus preached unto them (v. 2).

He preached unto them the Word of God. He always preached the Word before He wrought miracles, for to make known the will of God was His supreme mission. Miracles were not an end in themselves, but to authenticate His work. The people came, some to be healed, and some out of curiosity. He gave them what which they needed, regardless of the motive which actuated their coming.

3. Jesus Forgiving Sins (vv. 3-5).

The man brought to Him was suffering from the dread disease of palsy, but his most deadly affliction was that of sin. This miracle was wrought by Jesus in confirmation of His message.

1. Faith coming to Jesus (v. 3).

The actuating impulse of the palsied man and the four friends who carried him was faith.

2. Faith overcoming difficulties (v. 4).

Though prevented by the crowd from coming to Jesus, they ascended the outer staircase and let the afflicted man down through the roof.

3. Faith rewarded (v. 5).

No word was uttered either by the paralytic or his bearers. Their action was enough. The paralytic got more than he expected. He desired healing of the body and he got bodily healing plus forgiveness of sins.

4. Jesus Answering the Scribes (vv. 6-10).

1. Their objections (vv. 6, 7). They asked:

(1) Why does He thus speak? (2) Who can forgive sin?

They were entirely right in their reasoning that only God can forgive sins. Their blunder was in not perceiving Him to be God.

2. Jesus' answer (vv. 8-10).

He knew their inner thoughts and reasonings and manifested unto them His essential deity in that He had power to know their thoughts. He inquired, "Which is easier to say, thy sins be forgiven thee, or to say, arise and take up thy bed and walk? But that ye may know that the Son of man hath power on earth to forgive sins, He saith to the sick of the palsy, I say unto thee, Arise, and take up thy bed, and go thy way into thine house." He was willing that His power in the invisible realm should be tested by His power in the visible.

4. Jesus Healing the Paralytic (vv. 11, 12).

1. His healing was by the direct method—speaking the Word (v. 11). Christ's words are enough. With the command was given the strength to obey. That which Christ commands He gives the strength to perform.

2. The obedience of the man (v. 12).

He immediately arose, took up his bed and went forth before them all. The poor helpless man walked away with his bed upon his shoulder.

3. The people were amazed, and glorified God (v. 12). They said, "We never saw it on this fashion."

5. Jesus Eating With Publicans and Sinners (vv. 13-17).

1. The call of Levi (v. 14). Levi was a tax-gatherer under the Roman government. As Jesus passed by, He commanded Levi to leave his business and follow Him.

2. Jesus dining in Levi's house (v. 15). It seems that Levi, when he found the Savior, invited many of his business associates to eat with him. This gave an opportunity to Jesus to come into touch with these sinners.

3. The perplexed scribes and pharisees (v. 16). They asked, "How is it that He eateth and drinketh with publicans and sinners?"

4. Jesus' reply (v. 17). "They that are whole have no need of the physician. I came not to call the righteous, but sinners to repentance."

Our Future

We never know for what God is preparing us in His schools; for what work on earth, for what work in the hereafter. Our business is to do our work well in the present place, whatever that may be.—Christian Exposition.

Lithiated Buchu acts on the bladder as opium salts do on the bowels. Drives out foreign deposits and restores excessive irritability. This relieves the irritation that causes "getting up nights."
